About SVPC, Bhopal

S. V. Polytechnic College, Bhopal is one of the premier technical education institution, and is one of the oldest institutions of the state, established in the year 1953. The institution has been named after one of the great Indian leader of India's struggle for freedom Shri Sardar Vallabh Bhai Patel. The college has been the vanguard of continuous development in technical education since its inception. Geographically the city of Bhopal which is also capital of state of M.P, is very much centrally located in the country, well connected by road, rail and air to all metro cities and other important part of the country. Though started with one-discipline, today it is running twelve diploma programs, three part time diploma programs with nearly 2500 students and more than 250 employees.

Objective

The aims and objectives of the institute are :

- To offer quality education in Engineering, Pharmacy and Management.
- To provide adequate resources for Diploma & Part Time Diploma courses being run.
- To promote teaching and skill up gradation program of an inter disciplinary nature
- To develop collaborative linkages with industry and other organizations using technologies.

- To enhance and improve effective utilization of infrastructure and resources
